83. [A Slovenian SME producing rubber parts for industry is looking for a distributor or subcontracting agreement](#)
84. [Slovenian company which produces all kinds of springs offers their services.](#)
85. [A new 3D printer for fast and silent printing](#)
86. [Slovenian company specialised in production of heat pumps looks for business partners in distribution](#)
87. [Slovenian company offers installation and maintenance services in ventilation, air conditioning and heating](#)

Richieste commerciali

1. [Looking for producer or distributor of Personal Protective Equipment](#)
2. [A Slovenian company specialized in distribution and retail of security, police, military and hunting equipment, is...](#)
3. [Distribution of medical products, equipment and devices on the Slovenian market offered](#)

Offerte tecnologiche

1. [Protein degradation method for cleaning of textiles, surfaces, and equipment](#)
2. [Safe and efficient nitration of aromatic compounds](#)
3. [Use of glycosidases and glycosyltransferases for enhanced protein production](#)
4. [Small-sized electro-absorption modulator enabling improved optical communications inside electronic devices](#)
5. [Development of superior varieties of wheat](#)
6. [Targeted anti-cancer drug delivery system](#)
7. [Respirometry instrument for measuring waste biodegradability and monitoring food fermentation](#)
8. [Cartographic data, flow data for traffic flow, GIS solutions and services](#)
9. [Advanced orthopedic and trauma navigation system](#)
10. [Improved operation of silicon photomultipliers in sensory systems](#)
11. [Detection of phoning while driving](#)
12. [A new approach to accounting with an artificial intelligence supported software](#)
13. [Unique touchless replaceable switches](#)
14. [Apparatus for simplifying and increasing accuracy of biogas composition measurements](#)
15. [Simple and accurate measurements of biochemical oxygen demand in environmental samples](#)
16. [A new medical planning software for trauma and orthopedic surgery planning](#)
17. [Cardiovascular implants with improved antithrombogenic properties](#)
18. [A method reducing friction of polyvinylidene fluoride \(PVDF\) and PVDF- based coatings by 70 %](#)
19. [Platform for next generation sequencing and microarray data analysis](#)
20. [A Camera for Accurate Real-Time Detection of Gamma Radiation Direction](#)
21. [Photoelectrocatalytic microreactor for wastewater treatment, gas treatment, determination of chemical oxygen demand, or...](#)
22. [New catalyst for conversion of biomass into liquid fuel with high caloric value](#)
23. [Ethanol production from pentoses by yeasts possessing a modified phosphofructokinase](#)
24. [A Slovenian company is searching for financial partners for production and placement of firefighting clothing to the...](#)
25. [Device for detecting in-situ micro-structure changes in metal materials](#)

Richieste tecnologiche

1. [Device for monitoring person's movement and 3D position](#)
2. [Co-operation on personal diagnostic analyses for human and animal medicine](#)
